ZHRO have invaded the Zimbabwe Embassy, Protested in the faces of Gen Moyo, Mthuli Ncube, CIO's, Zimbabwe Ambassador and disrupted Zanu PF UK sponsored events. We have organised Walks for Freedom, Take2Zimbabwe and various themed events all over the UK.

We are inventive and committed. We have a wide range of media platforms and we encourage our members to author articles for publication on these platforms to give them activism profiles.

We encourage training programmes and deliver flyers to the public to raise public awareness and have been invited to Parliament, FCO and other UK Government events. We are here to rectify the public perception of a democratic Zimbabwe and to support those in the diaspora.

***"I will not attend the SADC summit Zimbabwe is not safe for me" ~Zambian President Hakainde Hichilema 14<sup>th</sup> August 2024***

### ROUND UP OF STATEMENTS FROM INDIVIDUALS AND ORGANISATIONS

"ZANU PF President Emmerson Mnangagwa is aggravating the citizens of Zimbabwe by unleashing violence, torture, random arrests, abductions, threats, and repression against all {perceived or otherwise} 'opposition' by targeting, social, and human rights activists.

Since the arrest of Senator Jameson Timba and the Avondale 78, {16<sup>th</sup> JUNE 2024} there has been an escalation of suppression throughout the country against opposition, social, and Human Rights activists."

***"There is now an operation in motion to hunt them down." Dickson Chikwizo CCC and ZHRO .13<sup>th</sup> Aug 2024; see Appendix 6***

"The SADC summit has cast a dark shadow over the lives of Zimbabwean citizens, unleashing a wave of violence, abductions, torture, and arbitrary arrests. President Mnangagwa appears determined to silence dissent, willing to spill blood to achieve his vision of a dictatorship by 2030. His actions reveal a deep-seated criminality, as he clings to power to avoid facing justice for his regime's numerous atrocities."

"The current oppression starkly contrasts with the hope for freedom many believed the country had left behind. In a matter of just two months, over 100 people have been arrested, including prominent opposition figures like Senator Jameson Timba and 78 others associated with Advocate Nelson Chamisa. Alarming, this includes a mother and her infant. Students from the Zimbabwe National Students Union (ZINASU) have suffered brutal treatment, with their leader, Emmanuel Sitima, facing arrest and violence. Human rights defenders—Namatai Kwekweza, Samuel Gwenzi, Vusumuzi Moyo, and Robson Chere—have been abducted from the airport and subjected to torture. Additionally, Jacob Ngarivhume has endured relentless persecution." **Basil Kambombe CCC Manchester. 13<sup>th</sup> Aug 2024**

**Council for Foreign Relations:** 13<sup>th</sup> August 2024; ***See full Blog statement in Appendix 3***

"...In practice, Zimbabwe's governing authorities are preparing to host the upcoming SADC summit by terrorizing political opponents, student activists, labor organizers, and community leaders—disrupting the peace and security of Zimbabwean citizens in a quest to silence anyone who might point out the way government corruption impedes economic development."

**Amnesty International Statement** 9<sup>th</sup> August 2024: ***Full text in Appendix 1***

"Authorities must end massive crackdown on dissent before SADC summit

- More than 160 people arrested since mid-June before upcoming SADC summit in Harare
- Evidence of torture or other ill-treatment
- "Sets a dangerous tone for the bloc's commitment to human rights" – Idriss Ali Nassah

"Zimbabwean authorities must end their crackdown against opposition and civil society members ahead of the Southern African Development Community (SADC) summit scheduled for 17 August 2024 in Harare, Amnesty International and Human Rights Watch said today. The authorities must immediately and unconditionally release everyone arrested for exercising their rights."

"The Zimbabwe authorities' intensified crackdown and the dismantling of fundamental freedoms is directly linked to the government's hosting of the SADC summit in Harare," Nassah said. "It sets a dangerous tone for the bloc's commitment to human rights under the upcoming chairmanship of Zimbabwe President Mnangagwa."

*Idriss Ali Nassah: senior Africa researcher at Human Rights Watch*

**The authorities must stop committing such violations and immediately release all detainees.**

30<sup>th</sup> May 2024 Petition regarding the PVO Bill

Evidence From other Zimbabwean Activist Groups, who are likely to be affected by this PVO Bill

The **National Association of Non-Governmental Organisations** made this statement 20th May 2024 as an image first appearing on Twitter/X:

<https://x.com/nangozimbabwe/status/1792560362526536117>

*"The Bill ENDANGERS the FREEDOM OF ASSOCIATION by creating a HIGHLY RESTRICTIVE REGULATORY REGIME for Non-Governmental Organisations (NGOs) that serves to Impede Rather Than Enable freedom of association. Key provisions of the Bill restrict the INDEPENDENCE of NGOs and subject them to Excessive and Unwarranted Controls. Significantly, the Bill gives the parent*

ministry an overreaching mandate, which is under the firm control of the Government. In sum, the Bill will **SEVERELY LIMIT CIVIL SOCIETY SPACE AND IMPEDE THE ACTIVITIES OF NGOS**, which not only play an important role in democratic development and nation-building but also render invaluable support and services to the people of Zimbabwe." <https://www.nangozim.org>

**Women's Academy for Leadership and Political Excellence {WALPE}** 18<sup>th</sup> May 2024 from their Press Release. {See [Appendix 3](#) for Full Statement}  
<https://x.com/WalpeAcademy/status/1791753039864356939>

*WALPE is deeply concerned about the safety and well-being of all citizens, particularly women who have been disproportionately affected by this violence considering that it is not the first time that public hearings by Parliament have degenerated into chaos. Going forward, WALPE appeals to Parliament and the police to guarantee public safety and the protection of all citizens ensuring their rights to freedom of expression and peaceful assembly are respected.*

**ZHRMP** – (17<sup>th</sup> May 2024 {See [Appendix 4](#) for their Full Press Statement}), the **Zimbabwe Human Rights Monitors Platform** bore witness to a distressing display of authoritarianism at the New Ambassador Hotel in Harare during the Private Voluntary Organization (PVO) Bill hearing. What should have been a democratic forum for diverse opinions to be voiced and deliberated upon was instead *hijacked* by zealous ZANU-PF supporters. These forces, aided and abetted by the very parliamentarians entrusted with upholding the democratic process, callously silenced and verbally assaulted anyone daring to challenge the provisions of the PVO bill.

Passionate Fuza, Communications Officer of **Zimbabwe Human Rights Monitors Platform {ZHRMP}** Stated on 17<sup>th</sup> May 2024 regarding the *PVO Hearings*;  
<https://x.com/ProtectHRDs/status/1791453672708141498> Passionate Fuza tries to reason with the Zanu PF Thugs.

*The Communications Officer, Passionate Fuza, courageously sought to express her genuine concerns regarding the PVO Bill. Yet, her noble attempt at constructive dialogue was met with a torrent of verbal violence, and repugnant hate speech. Denied the opportunity to fully articulate her views on the bill, the proceedings quickly descended into chaos, forcing an abrupt end at 2:30pm.*

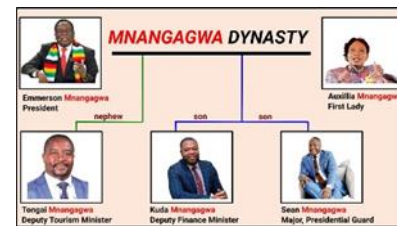

*"In the face of the violent disruptions and the grave implications of the PVO Bill, we resolutely condemn the reprehensible verbal assault on Passionate Fuza. This cowardly act not only trampled upon the principles of peaceful democratic engagement but also engenders an atmosphere of toxicity and hatred within our society".*

Something Rotten in the Republic of Zimbabwe!

1. The shambolic, corrupt and heavily biased election "process" from Delimitation/Registration manipulations, the dis-organised election 23-24<sup>th</sup> August, the Alterations of V11's and the post-election violence against CCC members – Zimbabwe has had **NO CREDIBLE ELECTION**
2. The rushed announcement by ZEC to proclaim Mnangagwa as the Presidential victor {now removed} reeks of ill-advised panic by Mnangagwa.
3. The ambivalence of the Military and their declarations to "The president" {as opposed to the Constitution} all smack of corruption at the faux 'inauguration'.

4. Zanu PF are a regional “Destabilisation Organisation” - using looted funds to maintain injustice, corruption and violence! Further *rumour* has Zanu PF trying to ‘engineer’ a coup on Zambia using the previous President.
5. Details of all Observer Missions accessible in **APPENDICES**<sup>1</sup>
6. Arbitrary and frequent arrests of CCC MP’s and activists to manipulate potential voting.
7. No progress on a **DIASPORA VOTE** – disenfranchising several millions of Zimbabweans globally.
8. Further *rumour* has Zanu PF actively supporting ANC in SA to support their corruption of democracy.
9. Job Sikhala is still being held in detention {15 months and counting}
10. Remember the #GoldMafia<sup>2</sup> Criminal Syndicate in Zimbabwe, has not been fully investigated.
11. ***We therefore plead with the UK/FCDO to join with SADC/AU/US/EU/Commonwealth, Carter Centre and others, to sponsor a new, INDEPENDENTLY administered, Free and Fair Election in Zimbabwe to accurately reflect the Will of the voting ELECTORATE.***

<https://hansard.parliament.uk/Lords/2023-09-05/debates/8047047D-6111-4812-8ECO-8CAEA792244D/ZimbabweElection>

*Baroness Hoey:* “The saddest thing is that, as the election observers left, the familiar pattern of widespread arrests, abductions and torture of grass-roots supporters of the opposition is taking place as we speak all over the country. There were even lawyers arrested last night in a hospital where they were representing tortured victims—the same kind of retribution that Mugabe did after 2008. Does the noble Lord agree that now is the time for full support by His Majesty’s Government for SADC’s efforts to resolve the crisis, and in particular for our newly arrived ambassador to re-evaluate all facets of our relationship with a Zimbabwean Government who flout their own laws through acts of violence and torture, and to give some hope even in the darkest days to the perseverance and courage of the Zimbabwean people?”

*Lord Oates:* “My Lords, in light of the developments in Zimbabwe—the widespread violence and intimidation of voters in the rural areas, the abduction and torture of many opposition activists and the continued detention of opposition Members of Parliament—***will the UK Government be rather less equivocal and make absolutely clear that they do not regard these elections as free and fair and that the Government of Zimbabwe have no legitimacy?*** Will they make clear that, as long as this is the case, it will not be readmitted to the Commonwealth, as far as Britain is concerned, and that we will work with SADC colleagues to try to find resolutions to the problem?”

It could even help the country achieve the middle-income economy it has set out in its Vision 2030, in which it aims to have a mining industry that generates US\$12-billion a year in revenue. *A visionless leader is a danger for the Community It is not a secret that 90% of towns and cities in Zimbabwe have no functional sewage system or running tap water. Most homes are now relying on wells and boreholes for drinking water. Most of the water is sewer contaminated but Emmerson Dambudzo Mnangagwa is channeling funds on Pastors4ED who are stealing from poor citizens in their churches. In the 21st century, both the urban and the rural Zimbabwe have to rely on boreholes for clean water because for 45 years, the ZANU-PF-LED government have failed to modernize our sanitation, sewer system and water supply. Due to its contiguous corruption and mass looting of public funds since 1980, the ZANU-PF Led government have failed to deal with demands which comes with a growing population.*

*“Even If We Can’t Change the Government—We Must Break the Momentum of Looting.”*

*“The idea of political change in Zimbabwe feels like chasing a mirage. We’ve watched stolen elections, dead-end reforms, and opposition parties muzzled into irrelevance. But while change at the top may seem frozen, the bleeding hasn’t stopped. In fact, it’s speeding up.”*

*“Every day ZANU-PF stays in power is another day of looting dressed up as “development.” Gold smuggled. Diamond proceeds vanished. Multi-million-dollar tenders handed to shell companies run by cousins and cronies. State land parcelled out like sweets at a party. It’s not politics anymore—it’s organized theft wearing a liberation war medal.”*

*“Africans from Zambia, Malawi, Mozambique, and even Botswana used to come to Parirenyatwa for specialist treatment. But those days are long gone, after Emmerson Mnangagwa took over and destroyed Zimbabwe’s public health sector through massive corruption and economic mismanagement.”5th*

*Things are not looking good for our sister Nadia, who has been missing for five days after being abducted by unknown individuals. @PoliceZimbabwe has yet to provide any useful information. What's even more heart-breaking is that in her absence, her project has been completely taken over by Batsirai Matiza, son of the late ZANU PF Minister, Joel Biggie Matiza.
